

Connecting to the BPS Wireless Network

INTRODUCTION

This Quick Guide tells how to connect to the BPS wireless network using the Airport on your Macbook. Remember: This only works in wireless capable schools and where the signal reaches.

INSTRUCTIONS

1. Click the Airport icon (the upper right of the display), choose **<Join Other Network>**

2. In the next window, select **<LEAP>**
3. Type in **BPSwireless** (caps on BPS only) for Court St or the wireless for your school and your **ID #** and **password**, check **Remember this network** and click **<Join>**. You should see Airport darken as you get on the network.
